

Staind, Tolerate

Intro: (Spoken) :
It's been like this forever...
No more...
I hate my fucking life

I don't give a fuck
About all of your problems
I could give a rat's ass
How you're feeling today
Take your worldly advice
And shove it straight up your ass
Thanks for coming around
To fuck up my day

Chorus:
I try
Tolerate
Goodbye
take me X4

Look at you, I can
You don't see the whole picture
Take my bed of dirt
Cold and empty i'll stay
What's the point of trying
To stay above the surface
Take my life from me
Help me to ease my pain

Chorus:
I try
Tolerate
Goodbye
Empty

Try to see the way around you
I can't find it
Try to take the path behind me
Can't rewind it
Stick your finger in my face and
I will break it
Leave me with an after taste
I live for it

Chorus:

I try
Tolerate
Goodbye
Empty X4

Try to tolerate X4

I cannot tolerate no tolerance in my life X4
