

Stampeders, Minstrel Gypsy

Baby, it's nice to have you here right now
Baby, it's nice to feel you near now
While I cover ground

Home is anywhere we're bound
Yesterday the road was long, long without an end

Before you came along girl, I just pretend
To be always havin' fun
I was the lonely, lonely one, oh

Baby I'm a minstrel gypsy

I'd go anywhere they want me
But baby I'm home where you are
Baby I'm a minstrel gypsy
And I want you with me, yeah
Cause only with you I'm a star

Loneliness is no one's friend and time can pass so slow
When it's 3 AM long past the late night show
And every man needs love
The comfort of sweet love, oh

Baby I'm a minstrel gypsy
I'd go anywhere they want me
But baby I'm home where you are
Baby I'm a minstrel gypsy
And I want you with me, yeah
Cause only with you I'm a star

Baby I'm a minstrel gypsy
I'd go anywhere they want me
But baby I'm home where you are
Baby I'm a minstrel gypsy
And I want you with me, yeah
Cause only with you I'm a star

Baby I'm a minstrel gypsy
I'd go anywhere they want me
But baby I'm home where you are
Baby I'm a minstrel gypsy
And I want you with me, yeah
Cause only with you I'm a star

Baby I'm a minstrel gypsy
I'd go anywhere they want me
But baby I'm home where you are
Baby I'm a minstrel gypsy
And I want you with me, yeah
Cause only with you I'm a star
