

Stan Bush, Total Surrender

Do You Remember When We Were Young
That Summer Night Had Just Begun
At Seventeen We Were Caught In A Fire
Right Between Youth And Desire
I Saw The Wildness In Your Eyes

No Holding Back, No Compromise
There In The Back Seat Of My Car
With Only The Sound Of Our Beatin' Hearts
We Lost Control, Yeah We Went Too Far

We Felt The Thunder, We Both knew A Storm Was Gonna Start
Total Surrender Of The Heart

Total Surrender
There Was No Turnin' Back That Night
There Was No Wrong Or Right
Total Surrender In The Dark

We Lost Our Innocence That Night
But We Held On Until The Light
Venturing Out In The Seas Unknown
We Gave In To Our Own Free Will
Couldn't Stop We Were On Our Own

And Just For A Moment Time Stood Still
Now I Dream About Your Touch
We Found New Worlds, Yeah We Found So Much

What I Wouldn't Give To Hold You In My Arms Again

All Of My Life, Girl You're The Best There's Ever Been
Ooh

Total Surrender In The Dark
There Was No Turnin' Back That Night
Total Surrender Of The Heart
There Was No Wrong Or Right

Total Surrender In The Dark
Total Surrender
Total Surrender In The Dark
There Was No Turnin' Back That Night
There Was No Turnin' Back That Night

No Wrong Or Right
Total Surrender Of The Heart

Total Surrender In The Dark
No Turnin' Back That Night
Total Surrender Of The Heart
There Was No Wrong Or Right
Total Surrender
