

# Stan Ridgway, Funzone

Spoken:

You know, when we were all like, uh, about this high, knee-high to a jackelope,  
We always figured that the fun thing to do was to go to a funzone.  
Let's goclet's go to a funzone.

Heads up in the sky and all the animals are waiting for the big show for tonight  
Fat man calls my name, and calls me over to the tent he's waiting in by the ones &laquo; that  
&laquo; ? ? ? ? &raquo; at night and every weekend in his trailer in the back while &am  
Even the fat man pays

Chorus:

Let's go to the funzone  
We'll have a whole lot of fun  
It's all there at the funzone  
It's over when the fun is all done

Ride the fastest ride, you get a ticket from the man there in the booth all painted black  
Corn dog for a buck, you take three bites and then you chuckleccthere's some ice cream down you  
Meet a girl at night, she's talkin' to ya while you coax her to a trailer in the back  
While ronald kicks his dog around

Now there's some weird ice cream stuck on my shoe  
It used to be a buckccwell, now it's two  
And there's a ferris wheel where you spin around  
Someone didn't like itccthey got sick on the ground

Chorus:

Let's go to the funzone

We'll have a whole lot of fun  
It's all there at the funzone  
But why does that clown have a gun  
At the funzone  
The funzone  
At the funzone  
We'll be there or we'll all be left at home

&laquo; passed that &raquo; girl at night, you're talkin' to her while you coax her to a trail  
While ronald kicks his dog around

Now there's some weird ice cream stuck on my shoe  
It used to be a buckccwell, now it's two  
And there's a ferris wheel where you spin around  
Someone didn't like itccthey got sick on the ground

Chorus:

Let's go to the funzone  
We'll have a whole lot of fun  
It's all there at the funzone  
It's over when the fun is all done  
At the funzone  
The funzone  
At the funzone  
The funzone  
Let's go to the funzone  
We'll have a whole lot of fun  
It's all there at the funzone  
But be sure to wash your hands when you get home
