

# Stan Ridgway, Uba's House Of Fashions

The door swung wide, I walked right in  
I was a long way off from where I'd been  
From behind a desk, inside a cool green cloud  
A strange low voice told me then to join the crowd

Chorus:  
At Uba's  
Uba's  
Uba's  
Fashions  
Fashions

Uba said to Jumbo "Won't you take my child  
I have a walked a million miles  
Changin' my clothes, changin' what I wear  
Used to worry about things, now I just don't care"

Chorus repeat

A long line formed at the door to the back  
Everybody wanted a dress off the rack  
They wanted somethin' from her that made her shake  
She screamed "Everybody gotta pay for what they take"

Chorus repeat

I'm leavin' town now, and changin' my name  
I'm never going to be the same  
Jumbo had a baby, lives on Blueberry Hill  
And everybody got a mama, 'cause she's hangin' out there still

Chorus repeat x2
