

# Standfast, Car Crashes

Car crashes, TV shows  
A drunkard on the side of the road  
People running (running)  
Fantasy or reality  
Analysis and theories  
What does matter really?

Chorus  
Tell me what to believe  
Won't you bring me order  
Tell me what to achieve  
Baby, so I can move forward  
Tell me what to be  
Car crashes, TV shows  
A drunkard on the side of the road  
People runnin', run

Credit cards in place of distress  
Go live your life on the Internet  
That's what this is  
Conspiracies and mysteries  
Science-fiction make-believe  
My kind's misery

Chorus x2

Car crashes, TV shows  
A drunkard on the side of the road  
People runnin' (running)  
(All these car crashes in my head)  
Fantasy or reality  
Analysis and theories  
(All these car crashes)  
What does matter really?  
(All these car crashes)

Chorus x2
