

# Star One, Intergalactic Space Crusaders

(Damian:)

We're on our way to a prison in space  
Our last flight, the final phase  
I was betrayed and now I've been caught  
As the brains of a massive fraud

(Russell:)

I can't remember, am I insane?  
My mind is blank cos they emptied my brain  
I will return, I will be back  
I will unite us and we will attack

(Damian:)

I don't care about your plans and schemes  
Don't give a damn 'bout your righteous dreams  
All that I do, I do for myself  
I never cared for anyone else

(Russell:)

We have to save them, we have to try  
We can't just watch while the innocent die  
Let's steal this ship and start our crusade  
Powerful allies will come to our aid

(Damian:)

Who on earth do you think that you are  
Without me you wouldn't get far  
I've had enough of your private war

Why are we fighting, what is it all for?

(Russell:)

To right the wrong, to fight the good fight  
Living like you just wouldn't be right  
I am the leader, I have the skills  
Either you leave or you yield to my will

I can't believe you gave us away  
Although it hurts, I will make you pay  
Don't understand, can't figure out why  
All I know, you have to die!

(Russell:)

Our strong bond couldn't keep us apart  
I've always trusted you right from the start  
You've been deceived, they're telling you lies  
I'm still the same, I'm on your side
