

Starfield, Love Of Another Kind

Love of Another Kind

I am purity
Because of what You've done for me
Receiving grace where once stood
Penalty and shame
I am survival
A constant battle
Between what I am
And what I long to be

Freedom has found me
And Your love surrounds me

Your voice is the wind
Blowing through the trees
Your kiss is the rain
And it brings me to my knees
Into the courts of praise
I have come to find
The love of another kind

I am conviction
I am in process
I breathe the breath of God
The air of providence

I am a paradox
Liver of two lives
One for heaven, one the road
Along the way

To love the Lord your God
With all your heart and soul
And all your mind
(is the love of another kind)
