

Starflyer 59, Housewife Love Song

Tend the tables, put your houseguests away
Tend the tables for free and it's okay
Put your pockets in the drawers, sad and warm
Hey I will be right here

Tend the tables, broom the rats out for me
Tend the tables for free and it's okay
Put you pockets in the drawers, sad and warm
Hey I will be right here

(You're right)
Be my housewife love
(We'll write)
