

# Starflyer 59, Housewife Love Song

Tend the tables, put your houseguests away  
Tend the tables for free and it's okay  
Put your pockets in the drawers, sad and warm  
Hey I will be right here

Tend the tables, broom the rats out for me  
Tend the tables for free and it's okay  
Put you pockets in the drawers, sad and warm  
Hey I will be right here

(You're right)  
Be my housewife love  
(We'll write)
