Starmaker, Call For Me

what do you do when you're down when nobody else is around who's gonna love you forever who's going down for me and you don't know what to do feeling like a fool playing by the rules

but every day the world gets stranger to you now but some things never change you can always

call for me
where ever you are
oh baby you can
call for me
no matter how far
its crazy
but some say
that love fades away
but you know
where I'll be
call for me

so many lies you can say something will give you away cause nothing lasts forever except for maybe me and you tell it like it is pain and happiness and I'll be there to share it like no one ever did the world seems stranger to you now but some things never change you can always

call for me
where ever you are
oh baby you can
call for me
no matter how far
its crazy
but some say
that love fades away
but you know
where I'll be
call for me

oh I'll be there
when you need someone to talk to
anyone won't do then
I will be there
When you want someone to long to
I'll be there
I'm the one to hold you
you don't have to worry about a thing
baby
you can always

call for me
where ever you are
oh baby you can
call for me

no matter how far its crazy but some say that love fades away but you know where I'll be call for me
