

# Starsailor, In My Blood

Oh, I feel it flow  
Through my bones  
If, we let it go  
We shall grow

Please, now breathe for me,  
Slow and slow

Brought something back to me  
It's in My Blood  
Lost in my memory  
Not fast enough  
Nothing in life is free  
Love is the currency

Oh, I justify  
All my lows  
She, won't be denied  
When she goes

Brought something back to me  
It's in My Blood  
Lost in my memory  
Not fast enough  
Nothing in life is free  
Love is the currency

Glorious, red filled sky,  
Take me up, make me high  
Glorious, red filled dawn  
Take my hand, I'm re-born

Brought something back to me  
It's in My Blood  
Lost in my memory  
Not fast enough  
Nothing in life is free  
Love is the currency (repeat)
