

Starsailor, Telling Them

We set off that day
Shaking all the way
Would your mother speak to us again

Put away your doubt
That won't help us out
Just be sure to call before you ground

The sun shone
The wind cried
So long
Good night

Lay your body down
For the here and now
Just be sure to win before you're out

How you feelin now
Livin with the crown
Look at her and say you've been let down

The sun shone
The wind cried
So long
Good night

By the book or by the gun
There's fear inside of everyone
Turn your head to face the sun
And love will keep you safe

By the book or by the gun
There's fear inside of everyone
Turn your head to face the sun
And love will keep you safe
