

# Starsailor, Telling Them

We set off that day  
Shaking all the way  
Would your mother speak to us again

Put away your doubt  
That won't help us out  
Just be sure to call before you ground

The sun shone  
The wind cried  
So long  
Good night

Lay your body down  
For the here and now  
Just be sure to win before you're out

How you feelin now  
Livin with the crown  
Look at her and say you've been let down

The sun shone  
The wind cried  
So long  
Good night

By the book or by the gun  
There's fear inside of everyone  
Turn your head to face the sun  
And love will keep you safe

By the book or by the gun  
There's fear inside of everyone  
Turn your head to face the sun  
And love will keep you safe
