

# Static X, Get to the Gone

Get to the gone  
Under the gun  
Drop in drop out  
Get to the gone  
Get to the gone  
It's just the way you wanna be  
Under the gun  
It's just the way to be  
Drop in Drop out  
To begin with it's killing me  
Killing the one thing  
I know this to be  
I fly I fly  
Around the World  
Through the night sky  
I feel the end  
The ending is near  
Relations Die  
One Mile  
Ten thousand miles  
Makes no difference  
Changes more changes  
Get to it  
Get to the gone  
You get it  
Get to become  
A relic  
A cynic  
An addict  
Automatic destruction  
Get to it  
Get to the gone  
You get it  
Get to become  
The static  
The Metal  
The hell  
Get to get it  
Sensation
