

# Static X, Head

you enveloped in your  
you enveloped in your  
you enveloped in your  
you enveloped in your head  
justify it in your  
justify it in your  
justify it in your  
justify it in your head  
head  
yet we speed  
i know what i've got to  
frightening ends  
said i know what i've got to do  
yet we speed  
i know what i've got to  
frightening ends  
said i know what i've got to do  
see the savage in me  
see the savage in me  
see the savage in me  
see the savage in my head  
you claim to be  
i'm all you claim to be  
i'm all you claim to be  
i'm all you claim to be  
i'm head  
head  
yet we speed  
i know what i've got to  
frightening ends  
said i know what i've got to do  
yet we speed  
i know what i've got to  
frightening ends  
said i know what i've got to do  
i'm old  
i'm wasted  
i've come full circle
