

# Status Quo, All Around My Hat

(Traditional)

All around my hat I will wear the green willow  
And all around my hat, for a twelve month and a day  
And if anyone should ask me the reason why I'm wearing it  
It's all for my true love who's far far away

Faretheewell cold winter, and faretheewell cold frost  
Nothing have I gained, but my own true love I've lost  
I'll sing and I'll be merry when occasion I do see  
She's a false deluded young girl, let her go, farewell she

And all around my hat I will wear the green willow  
And all around my hat, for a twelve month and a day  
And if anyone should ask me the reason why I'm wearing it  
It's all for my true love who's far far away

The other night she brought me a fine diamond ring  
But she thought to have deprived me of a far better thing  
But I being careful like lovers ought to be  
She's a false deluded young girl, let her go, farewell she

And all around my hat I will wear the green willow  
And all around my hat, for a twelve month and a day  
And if anyone should ask me the reason why I'm wearing it  
It's all for my true love who's far far away
