

# Status Quo, Don't Waste My Time

(Rossi/Young)

You spend my money, you drink my best red wine  
You think it's funny to see me all the time  
Sitting with my head hanging down  
You treat me just like a clown  
You spend my money but honey you sure needn't waste my time

When you get older you'll see what you have done  
You hung on my shoulder and loved me just for fun  
Someday when I'm older too  
I'm gonna come and make a fool out of you  
You spend my money, but honey you sure needn't waste my time

You spend my money, you drink my best red wine  
You think it's funny to see me all the time  
Sitting with my head hanging down  
You treat me just like a clown  
You spend my money but honey you sure needn't waste my time
