

# Status Quo, I Love Rock And Roll

(Lancaster)

When I'm playing my old guitar  
I know what I'm living for  
'Cos that's all I wanna do  
Keep right on rocking you

I love rock and roll, in my heart and in my soul  
I love rocking you, I love rock and roll

Bye Bye Johnny, I'm All Shook Up  
Bebopalula, Rock Around The Clock  
You may or may not know  
But you'll never rock alone

I love rock and roll, in my heart and in my soul  
I love rocking you, I love rock and roll, yes I do

And I'm a ready teddy ready to rock  
And I'm a ready teddy ready to roll  
Come on let's shout it out aloud  
I love rock and roll

I love rock and roll, in my heart and in my soul  
I love rocking you, I love rock and roll, yes I do  
I love rock and roll, in my heart and in my soul  
I love rocking you, I love rock and roll, yes I do .....
