

Status Quo, I Want The World To Know

(Lancaster/Lamb)

Slippin' and a-slidin', rockin' and a-riding
Rollin' back to Lady Jane
And Can't you see the sun is shinin'
Temperature's a-risin'
Rood'n'doodee what's your name?

Seven-forty-seven flying over heaven
You could be a millionaire
And you could be a Rockerfeller
Any kind of weather
Everybody Everywhere

I wanna be your brother, I wanna be your friend
I wanna be your brother and shake you by the hand

Come on everybody, gonna have a party
Rock it all over the world
Come on and shake it all over
Over and over
Down Down, come on and spread the word

I wanna be your brother, I wanna be your friend
I wanna be your brother and shake you by the hand
Shake it shake it shake it, I want the world to know
I wanna be your brother, I wanna be your friend
I wanna be your brother and shake you by the hand
Shake it shake it shake it, I want the world to know
I wanna be your brother, I want the world to know
