

Status Quo, In The Army Now..

A vacation in the foreign land
Uncle Sam does the best he can
Ur in the army now
Oh, oh ur in the army - now

Now u remember what the draft man said
Nothing to do all day but stay in bed
Ur in the army now
Oh, oh ur in the army - now

U'll be the hero of the neighbourhood
Nobody knows that u left for good
Ur in the army now
Oh, oh ur in the army - now

Smiling faces as u wait to land,
But once u get there no one gives a damn
Ur in the army now
Oh, oh ur in the army - now

Hand granades flyin ova ur head - - - - -
Missiles flyin ova ur head if ya wanna survive,
get outta bed
Ur in the army now
Oh, oh ur in the army,now

Shots ring out in the dead of night
The sergeant calls : "Stand up and fight!"
Ur in the army now
Oh, oh ur in the army - now

Ur got ur orders standin to shoot on sight
Ur finger's on the trigger but it don't seem right
Ur in the army now
Oh, oh ur in the army - now

Night is falling and u just can't see
Is this illusion or reality
Ur in the army now
Oh, oh ur in the army - now
