

Status Quo, Long Legged Girls

Take notice, I'm gonna talk straight to you
When it comes to the ladies I sure know what to do
'Cos long legged girls are best to make a man out of you
Long legged girls will pick you up and wet you through

Your reputation is soon gonna take a dive
But you'd better believe it, you'll never feel more alive
'Cos long legged girls are best to make a man out of you
Long legged girls will pick you up and wet you through
You're gonna know that she's good for you
You're gonna know that she's good for you
You're gonna know that she's good for you
Good for you

Seventeen, forty-nine, any age is good for mine, I don't give up
'Cos no lady is a lady, I'm S.T. crazy, legs win every time
Those long legged girls are best to make a man out of you
Long legged girls will pick you up and wet you through
You're gonna know that she's good for you
You're gonna know that she's good for you
You're gonna know that she's good for you
Good for you

Seventeen, forty-nine, just so long as she's bad
If she can look you in the eye she's guaranteed to drive you mad
'Cos long legged girls are best to make a man out of you
Long legged girls will pick you up and wet you through
You're gonna know that she's good for you
You're gonna know that she's good for you
You're gonna know that she's good for you
Good for you
