

Status Quo, So Is It Really Me/Gotta Go Home

Baby, this feeling that you give to me
Maybe I'm dreaming you're so good to me
Is it really, really me?
Is it really, really me?

Baby, this feeling, I can't stand the joy
Spare me some feeling if I wake up a boy
Is it really, really me?
Is it really, really me?

Baby, this feeling, I'm a fire I am
Am I still teething or could I be a man?
Is it
Is it

Is it really, really me?
Is it really, really me?

Gotta get on over there's a long, long ride now
I been away too long I gotta get on home now
I'm getting far too old to earn my dream of fortune
Time has flown and now I know what I must do

I gotta go, I gotta go, I gotta go to ease my mind
I gotta go, I gotta go, I gotta go to ease my mind

Gotta get on over there's a long, long ride now
I been away too long I gotta get on home now
I'm getting far too old to earn my dream of fortune
Time has flown and now I know what I must do

I gotta go, I gotta go, I gotta go to ease my mind
I gotta go, I gotta go, I gotta go to ease my mind
