Status Quo, So Is It Really Me/Gotta Go Home

Baby, this feeling that you give to me Maybe I'm dreaming you're so good to me Is it really, really me? Is it really, really me?

Baby, this feeling, I can't stand the joy Spare me some feeling if I wake up a boy Is it really, really me? Is it really, really me?

Baby, this feeling, I'm a fire I am Am I still teething or could I be a man? Is it Is it

Is it really, really me? Is it really, really me?

Gotta get on over there's a long, long ride now I been away too long I gotta get on home now I'm getting far too old to earn my dream of fortune Time has flown and now I know what I must do

I gotta go, I gotta go, I gotta go to ease my mind I gotta go, I gotta go, I gotta go to ease my mind

Gotta get on over there's a long, long ride now I been away too long I gotta get on home now I'm getting far too old to earn my dream of fortune Time has flown and now I know what I must do

I gotta go, I gotta go, I gotta go to ease my mind I gotta go, I gotta go, I gotta go to ease my mind
