

Status Quo, The Wanderer

Well, ain't no guy in town
Ah-who's ever trying to put me down
When I'm walking, yeah walking
With my angel, woh-oh-oh-oh

'Cos every guy I see
Is wishing that he were me
When I'm walking, yeah walking
With my angel

Oh, when we're strolling hand in hand
I'm as lucky as can be
For she's the prettiest girl in town
And everyone can see she belongs to me

Well I feel so proud
It's as good as walking on a cloud
When I'm walking, yeah walking
With my angel

Oh, when we're strolling hand in hand
I'm as lucky as can be
For she's the prettiest girl in town
And everyone can see she belongs to me

Well I feel so proud
It's as good as walking on a cloud
When I'm walking, yeah walking
With my angel
Yeah, when I'm walking, yeah walking
With my angel
Oh when I'm walking, yeah walking
With my angel
