

Staynd Glass, Behind Closed Doors

As I lose myself in your eyes
Part of me is asking why
I haven't left him to be with you
But it's too soon to say
That we are through
I was foolish to think
I could find more
I picked the first one I saw
God, I feel like a whore
Something inside of me
Is telling me not to leave
But I'm tired of this
I want to be free

Why can't I have you whatever _____
Sorry if I hurt you, left you all alone
I'm looking, not touching, push farther away
I long to reach you but I'm too _____

I wish you could see what you do to me
There's a side of you that only you let me see
As I push him away, you're brought close
I can't believe over you, he's the one that I chose
I know the chance of having you is none
Hating you can never, never be done
I need you now, more than ever before
But I keep getting stuck behind closed doors

Why can't I have you whatever _____
Sorry if I hurt you, left you all alone
I'm looking, not touching, push farther away
I long to reach you but I'm too _____
