

Steamhammer, Lost You Too

Well I been so many times
You know I could allow
I kept you on beside me baby
But now you're gone yourself
You know I'm a loser
I'm a loser on what I do
Before I looked you were behind me
Oh but now I find I lost you too

Well I'm wrapped up in my sorrows
I can't unlock the door
Just can't get the picture
You won't be around here no more
You know I'm a loser
I'm a loser on what I do
Before I looked you were behind me
Oh but now I find I lost you too

(Solo)

Well I been so many times
You know I could allow
Kept you on beside me baby
But now you're gone yourself
Well I'm a loser
I'm a loser on what I do
Before I looked you were behind me
But now I find I've lost you too
I lost you too
