

Steel Pole Bath Tub, Every Thing

All I ever said was the truth
I I ever say don't belive
All I hear stays with me
All I ever learned is forgot
I don't care at all
I don't care at all
I don't care at all
I don't care at all
All I ever see is a dream
All I ever dream becomes real
All I ever am always was
All I ever want is ??
I don't care at all
I don't care at all
I don't care at all
I don't care at all
All I every gave was for free
All I ever took times by three
All I ever want is to say
Everything I want I did ??
I don't care at all
I don't care at all
I don't care at all
I don't care at all
