

Steel Pulse, Tightrope

Deliver me oh my father
From the downpressers
Set me free
Dem a trying to keep I down
But I will always prosper
Dem a trying to keep I down
But I will always ... WO

CHORUS

Got me walking on a tightrope
Can't afford to buck my toe
And as long as Babylon is my foe
I will have hope in my soul
A poor man's life don't cut no ice
With so many mouths to feed
And if my word ain't good enough
just take a look and see

CHORUS

Got me walking on a tightrope
Can't afford to buck my toe
And as long as Babylon is my foe
I will have hope in my soul
Like a drowning man who clutches a straw
Might think he's got no chance
The will of JAH can pull him through
he's a helping hand, you got that

CHORUS

Got me walking on a tightrope
Can't afford to buck my toe
And as long as Babylon is my foe
I will have hope in my soul
From the valley of dry bones I have risen
and I've got to make a change
hang my head in the clouds with conviction
Ain't no stopping now
Deliver me oh my father

CHORUS

Got me walking on a tightrope
Can't afford to buck my toe
And as long as Babylon is my foe
I will have hope in my soul
Just can't keep me down
Just can't keep me down
Just can't keep me down
Really just can't keep me

CHORUS

Got me walking on a tightrope
Never never say die
Reach the mountain high!
