

Stefy, Cover Up

I love what you did for me
It was so 20th century
You sang in a famous band
Your name ended up on my hand
It's such a long time ago
When we said our first hello
When nothing was making sense
I just wanted it all to end

Fake love can live forever
It fades away and starts to bleed
Dead love will be remembered
It doesn't give me what I need

All that's left is to cover up
I never thought that I was enough
For you, Was it true
When the needle went to hit the flesh
I could feel the pain less and less
No more you, I got my cover up

Now I have replaced your name
So your memory will fade away
This butterfly set me free
Now you don't exist for me
It was such a long time ago
When we said our first hello
I thought you were all I had
But your love is not fad

Fake love can live forever
It cuts away and fades to black
Dead love will be remembered
It kills your heart, it starts to crack

All that's left is to cover up
I never thought that I was enough
For you, Was it true
When the needle went to hit the flesh
I could feel the pain less and less
No more you, I got my cover up

Logic, Had it, Want it, Lost it
Nuerotic, Cut it, Been there, Done it
Made it, Played It, I'm not goin' back

All that's left is to cover up
I never thought that I was enough
For you, Was it true
When the needle went to hit the flesh
I could feel the pain less and less
No more you, I got my cover up
