

Stellar*, If I Could

if i could get the sky to agree
i'd ask the clouds to write your name
for all the people to see
you know that i would
if i could

and if i could teach the sea to behave
i'd make it so we could swim
in only waves that we made
you know that i would
if i could
you know that i would if i could, if i could

if i could make those stars in the sky
light your way wherever you go
there'll always be stars in your eyes
you know that i would
if i could
you know that i would, if i could, if i could

i would break the rules for you
i would take the blame for you
if i could feel i was to you everything that you are to me
if i could get the sky to agree
i'd ask the clouds to write your name
for all the people to see
