

Stellar Kart, Angels In Chorus

Ive lived in silence
Held on to you like
You were my
Private piece of truth
But everythings changing
cause I cant contain
When theres a whole world
Waiting to hear your name

[chorus]
Angels in chorus
Join in my song
You are my glorius,
You are my God

Grace is contagious
When it gets out
Tears fall as my voice changes
Into a crowd
Together now hallelujah, hallelujah
