

Stellar*, Violent

Pretty violent
Runners up in a casualty
Lost all common sense
Both parties call victory
One delusional than there's me

Chorus:
You're making me violent
But why your nihilistic tendencies are
Making me violent
That's why you're nihilistic

Pretty violent
Making up with an I.O.U.
Could have circumvent
From a passerby point of view
What's a carnivore supposed to do?

Chorus

Harmony
Living in harmony
I want you honestly
Living in spite of me

Chorus
