

Stephen Speaks, First Glance

Written by Rockwell Ryan

When I first met you
That is when I knew
This would be a long road home

When I crawled into your head
That is when I said
With you I want to grow old

Cause you're everything I want
Baby, you're everything I need inside of me
And you're everything I love
And I just want to be with you

When I looked into your eyes
It stopped my heart inside
And I wanted you to be mine
When you move me with your smile
I would crawl a mile
Just to see it one more time

Cause you're everything I want
Baby, you're everything I need inside of me
And you're everything I love
And I just want to be with you
It's true
I fell in love with you
I know
I will never be alone

I just want to find
A way to make you mine
Oh now, one more time

Cause you're everything I want
Baby, you're everything I need inside of me
And you're everything I love
And I just want to be with you
It's true
I fell in love with you
I know
I will never be alone
