

# Stephen Speaks, First Glance

Written by Rockwell Ryan

When I first met you  
That is when I knew  
This would be a long road home

When I crawled into your head  
That is when I said  
With you I want to grow old

Cause you're everything I want  
Baby, you're everything I need inside of me  
And you're everything I love  
And I just want to be with you

When I looked into your eyes  
It stopped my heart inside  
And I wanted you to be mine  
When you move me with your smile  
I would crawl a mile  
Just to see it one more time

Cause you're everything I want  
Baby, you're everything I need inside of me  
And you're everything I love  
And I just want to be with you  
It's true  
I fell in love with you  
I know  
I will never be alone

I just want to find  
A way to make you mine  
Oh now, one more time

Cause you're everything I want  
Baby, you're everything I need inside of me  
And you're everything I love  
And I just want to be with you  
It's true  
I fell in love with you  
I know  
I will never be alone
