

# Stephen Stills, Jetset Sigh

If you dogrow  
Then you must know  
When you get so jive  
You only half alive  
Show me right now  
That you know how  
You can stand up  
Look in a mirror and sigh

Get your feet wet  
Run with the jetset  
Be a good girl  
Go around the world  
But the longer it goes on  
The harder you hang on  
Til you stand up  
Look in a mirror and sigh

Tryin' to be cool  
You just be the fool  
Let it be known  
You ain't full grewed  
And its all right  
Don't put up such a fight  
You can stand up  
Look in a mirror and sigh
