

Stephen Stills, Jetset Sigh

If you dogrow
Then you must know
When you get so jive
You only half alive
Show me right now
That you know how
You can stand up
Look in a mirror and sigh

Get your feet wet
Run with the jetset
Be a good girl
Go around the world
But the longer it goes on
The harder you hang on
Til you stand up
Look in a mirror and sigh

Tryin' to be cool
You just be the fool
Let it be known
You ain't full growed□
And its all right
Don't put up such a fight
You can stand up
Look in a mirror and sigh
