

Steppenwolf, Jaded Strumpet

JADED STRUMPET(4:40)

"You know I got a thing for women."
"They all need, and know their demon."
"Diamonds are secrets, don't them on your ass."

"I got a high strutting loser."
"She's clean, and always choosing."
"She got her way to the head of the gays."

(CHORUS):

"And they call her Jaded Strumpet."
"You know that girl shows who's trumpet."
"Got a hootchie cootchie broad now."
"You know that she shows you there."

(END CHORUS):

"What she wants is the world's permission."
"She pleased her needs, and death position."
"What the word is what that she might say."
