Steps, Last Thing On My Mind

There was something in your voice That was telling me don't be too sure Arousing my suspicions I have never felt before

I thought we had it made I thought you'd never go away

But now you're suddenly like a stranger And you're leaving our love behind Of all the things I was ever planning for This was the last thing on my mind

When I looked into your eyes There was something you weren't telling me But in my confusion I just couldn't see

If there was any doubt I thought that we would work it out

But now you're suddenly like a stranger And you're leaving our love behind Of all the things I was ever planning for This was the last thing on my mind

There was something in your voice That was telling me don't be too sure Arousing my suspicions I have never felt before

I thought we had it made I thought you'd never go away

But now you're suddenly like a stranger And you're leaving our love behind Of all the things I was ever planning for This was the last thing on my mind
