

# Steps, Never Get Over You

Boy, should've have known it from the start  
You'd go and break my heart  
But I was hoping praying  
You, you always thought you were right  
But you couldn't see the light  
The truth was shining  
For all the world to see  
You made a fool of me (out of me)  
Why did you have to leave oowhoo

(Chorus)  
It started again  
That feeling inside me is burning  
When you're not around me I'm hurting  
And I'll never ever  
Start it again  
This time I'm learning my lesson  
Just when I thought I'd found heaven  
Now I know I'll never get over you

I guess I knew it all long  
Hoping that I was wrong  
I should've been strong moved on  
Into a world a world without you  
You split my heart in two  
You will be sorry  
You've blown it all away  
You made a fool of me (out of me)  
Why did you have to leave

(Chorus)

You took my soul (you took my soul)  
You left me cold (ever so cold)  
But now I know someday  
I will get over you

(Chorus)
