

Steps, Say You'll Be Mine

"Say you'll be mine
Baby I was hypnotised,
When I looked into your eyes
Saw the love I'd been waiting for
Couldn't help but fantasize,
'Bout a world where you and I
Stay together for evermore....

Don't hesitate
'Cos I can't control my feelings
Just can't wait
Now I know where this is leadin'

(Chorus)
Baby please, this heart's on the line
Don't waste this precious time
Say you'll be mine
It's not hard to do
Just tell me you feel it too
Baby it's time.....
Say you'll be mine (Say you'll be mine)

Took a spark to start the fire
Fan the flame of my desire
Turn the light on my destiny
And it took me by surprise
All the love I felt inside
Now I know it was meant to be

And step by step
I can feel how close we're getting
Can't stop yet
'Cos I know where this is heading

(Chorus)
Baby please, this heart's on the line
Don't waste this precious time
Say you'll be mine
It's not hard to do
Just tell me you feel it too
Baby it's time.....
Say you'll be mine (Say you'll be mine)
Baby it's time.....
Say you'll be mine

Say it
All you gotta' do is say it (just say it)
You're the one I've been waiting for
Say it
All you gotta' do is say it (just say it)

(Chorus)
Baby please, this heart's on the line
Don't waste this precious time
Say you'll be mine
It's not hard to do
Just tell me you feel it too
Baby it's time.....
Say you'll be mine (Say you'll be mine)

Say it
Say you'll be mine
Say it
Say you'll be mine

Say it
Say you'll be mine
Baby it's time.....
Say you'll be mine (Say you'll be mine)

Chorus)
Baby please, this heart's on the line
Don't waste this precious time
Say you'll be mine
It's not hard to do
Just tell me you feel it too
Baby it's time.....
Say you'll be mine (Say you'll be mine)
Baby it's time.....
Say you'll be mine
