

# Stereo Total, Heaven's In The Back Seat Of My Cadillac

(Brown Hot Chocolate cover)

Heaven's in the back seat of my Cadillac  
Let me take you there yeah yeah  
Heaven's in the back seat of my Cadillac  
Let me take you there yeah yeah

Can't stand it  
Can't stand it baby  
When I'm close to you  
I wanna touch you  
There are people  
People everywhere  
People who like to stare

Heaven's in the back seat ...

Let's do it  
Let's do it baby  
Let's go for a ride  
Out in the country side  
Just me and you  
Far from the city lights  
That's much too much  
For this kind o' loving

Makin' love, makin' love to you  
Is a beautiful thing to do  
Makin' love, makin' love to you  
Is a wonderful thing for me  
In the moonlight ...
