

Stereoliza, XYZ

Lips-Nips-Hips-Sips
Are men no heaven
You gently follow my instructions
Get corruption I will never interrupt you
Take your pants off, keep your hands off
Shag it, handsome, and don't be lame, dumb
I give a damn when you fall, spit shit in your soul
I despise you in whole, cuz I know yall
I don't need your cheesy wit
I just love your nimble meat
Get my fuck and eat my shit
And be first on my sucker list
Got no carrot you deserve stick
Your so narrow proud of your big dick
No, I don't need an extra weight loss
Look, do your business and quickly get lost

Buddy, come on, hold on, turn the music on
It's getting hot this chilly night,
Inside, beside my mind there's a naughty tune
Don't worry you will feel so right

You wonder

What the hell is going on I need you
Ah, ah, I hate you
Cmon I'll shake you, look, let me embrace you
And then disgrace you

In the place
Fuck all your chicks
Fuck all the whores
Don't move too slow
Then come to me and fuck me harder
Stop shitting I don't wanna be a murder
I'll wait, I'll wait, dump me for some loose
I'll amuse you getting a screw lose
Finding an excuse for your sex abuse
So many fugly bitches
So easy to choose
I don't need your cheesy wit
I just love your nimble meat
Get my fuck and eat my shit
And be first on my sucker list
Get plowed thinking of me
Crawl to me, jerk,
Yo, p.w.t.
She's the same slut as you
And she can't be me
What? You need me? Boy, there's no free!

Buddy, come on, hold on, turn the music on
It's getting hot this chilly night, oh yea
Inside, beside my mind there's a naughty tune
Don't worry you will feel so right

You wonder

What the hell is going on I need you
Ah, ah, I hate you
Cmon I'll shake you, look, let me embrace you
And then disgrace you
