

Steve Angello, Remember (feat. The Presets)

Remember when you had a dream
Remember when you had a heart
Remember when it was so simple
This world, my fault, could ever scar

Remember when you fell in love
Remember when it fell apart
Remember when you saw some more of love
You swore you'd never stop

But now you're on your own x4

Remember that you've had a heart
But now you're on your own /3x
Remember when you sold your dreams for nothing
I've been thinking 'bout that so long

Keep running up a hill, fight back, don't stop, oooh
Don't you lose your head in the air
I'd rather cherish all
Everything that I own
Then dreaming 'bout something that I've never had

Remember when you had a dream
Remember when you had a heart
Remember when it was so simple
This world, my fault, could ever scar

But now you're on your own /4x

Remember when you sold your dreams for nothing
I've been thinking 'bout that so long

But now you're on your own

Remember when you had a dream
Remember when you had a heart
Remember when it was so simple
This world, my fault, could ever scar

But now you're on your own /8x
