There's a train a comin' There's a train a comin'
Hear them tracks a hummin' There's a train a comin'
Can't you hear her blowin' Can't you hear her blowin'
Wonder where she's goin' Can't you hear her blowin'

Run down the station Run down to the station
Dread and fascination Run down to the station

Don't you want to ride her Don't you want to ride her
Wonder what's inside her Don't you want to ride her

She ain't bound for nowhere She ain't bound for nowhere
Engineer just don't care She ain't bound for nowhere

She run down the mountain She run down the mountain
She won't even slow down mmm down the mountain

There's a train a comin' There's a train a comin'
Hear them tracks a hummin' There's a train a comin'
