

# Steve Earle, When I Fall

Late at night on some dark deserted highway  
On my way to another lonesome town  
I thought I might see the first light of a new day  
As it lay like fool's gold on the ground

chorus

But whenever I'm feelin' low  
I won't have to cry alone I know  
'Cause you will answer when I call  
If I soar above the clouds and then  
I come crashin' back to earth again  
You will catch me when I fall

All these years I've watched you trip and stumble  
There were times that I feared that you were lost  
But every tear that I dried after you tumbled  
Comes to mind when I'm considerin' the cost

chorus

In my heart there's a place for you to run to  
Anytime you're tired and hurt and blue  
For my part I have only to remind you  
You will find me waiting when you do  
chorus
