

# Steve Earle, You Belong To Me

Lately I've been feeling a little uneasy so I run straight home to you  
It's been cold as hell and you just can't tell what a girl might do  
I made a whole lot of promises baby, but none of my dreams came true  
And it's you that paid and I'm so afraid that I'm losing you  
But you belong to me  
You belong to me  
you belong to me, me, baby, me  
Now your mama said you could do better than me, baby I know that's true  
But you believed me instead. every word I said, and I did too  
But every day's a little bit harder out there no matter what I do  
Well I could carry the world on my shoulders girl long as I got you  
But you belong to me  
You belong to me  
you belong to me, me, baby, me  
But you belong to me  
You belong to me  
you belong to me, me, baby, me  
Well my shining armour is rusted and worn  
There's a heart inside here entrusted and sworn to you  
Just tell me baby what I need to do  
I can win you over again if you want me to  
But you belong to me  
You belong to me, me, baby, me
