

Steve Hackett, When The Heart Rules The Mind

Mother protect me, protect me from myself
Lately I can't tell, who really are my friends
Burning the candle, the candle at both ends
Through crowds, across floors
Each night I just pretend

When the heart rules the mind
One look and love is blind
When you want the dream to last
Take a chance forget the past

Watching the actor takes the stage by storm
Stealing the limelight, while we're in the wings
Sometimes the hero must play the underdog
But I don't feel the same
I must have everything

When the heart rules the mind
One look and love is blind
When you want the dream to last
Take a chance forget the past

Seasons will change
You must move on
Follow your dream

When the heart rules the mind
One look and love is blind
When you want the dream to last
Take a chance forget the past

When the heart rules the mind
One look and love is blind
When you want the dream to last
Take a chance forget the past

When the heart rules the mind
One look and love is blind
When you want the dream to last
Take a chance forget the past

When the heart rules the mind
One look and love is blind
When you want the dream to last
Take a chance forget the past

Seasons will change
You must move on
Follow your dream
