

Steve Kilbey, Time To Say Goodbye

When it's time to say goodbye
When it's time to say goodbye
When it's time to say goodbye
Waiting for you in the sky

Born alone everyone
Everything under the sun
Stay that way till kingdom come again

When it's time to leave you here
Waiting for you to appear

Always into suffering
A long sweet rest for everything
Silence for the song we sing again

When it's time to say goodbye
Waiting for you in the sky
Waiting for you in the sky
When it's time to say goodbye
