

Steve Lukather, Twist The Knife

A razor's edge
The speed of your thoughts
A heart as black as coal
A sudden change
A painted-on smile
A woman with no soul

Dancin' on the edge of my dreams
Dealin' with your mixed up scenes
Darlin' don't you know what I mean
Save me from this pain

Twist the knife
Turn it around
Twistin' my life away
Twist the knife
Turn it around
Oh-oh

A liar's dream
A piece of your heart
Don't really mean a thing
Scream right out loud
You're feeling' my pain
See what your fantasy brings

Dancin' on the edge of my dreams
Dealin' with your mixed up scenes
Darlin' don't you know what I mean
Save me from this pain

(repeat chorus 4x)

Twist the knife
Twist the knife
Twist the knife
Keep on twistin'
